Visit the Payment Plans tab

Each term, the student or one of their Authorized Users* can enroll in a payment plan for monthly installments on the student account. The earlier you enroll in a plan, the more installments you receive.

Managing Your Plan

Monthly payments are processed by autopay on the 5th of each month. Since you can start a plan before there are charges on your account, a calculator will help you estimate your installments during the early months. Once you register for classes and have actual charges to pay, the plan will rebalance periodically to be sure the remaining installments are set at only the amount needed to pay off your account by the time the last one processes. Notifications keep you informed about your plan and remind you of upcoming payments.

Payment Methods

- Select eCheck as your autopay method for no fee.
- If you choose to pay with a debit or credit card, a non-refundable convenience fee applies to each payment. You can change your autopay method at any time.

Cost

- \$45 non-refundable sign-up fee is paid during enrollment.
- \$25 fee applies to payments that do not clear your bank.

* More information on Authorized Users is available at <https://www.payments.pitt.edu/student-account/authorized-users>.

PittPAY Payment Plans

Enrollment Opens April 8, 2024
